

Greene County Angus Association

2024 Spring Sale

Featuring 59 Lots

Celebrating 45 Years

Friday, May 3rd 2024 • 7:00 P.M.
Greene County Fairgrounds • Greeneville, TN

welcome

Welcome to the Greene County Angus Association's Annual Spring Sale. Please consider this your personal invitation to join us on Friday, May 3rd for some great Angus fellowship. This year we are celebrating our 45th year of continuous operation and are proud to report that enthusiasm for our Association's activities has grown at a record pace. Of course, there is always room for more, and all are invited to join us!

We have a great offering of productive Angus bulls and females assembled this spring. There is no doubt that the membership has focused on the fundamentals of production in this offering by putting together a great set of performance females highlighted by a large number of productive pairs. Whatever your interest, you are sure to find it in this offering that is as diverse as our membership. I would also like to call your attention to the quality, service age, bulls that are ready to go to work for you. These bulls have been fully evaluated by a combination of genomic data and phenotypic data to most accurately describe their genetic potential so that you can buy with confidence.

As always, we thank you for your interest and support for our association, and we look forward to seeing you on May 3rd. If anyone on the sale staff can be of any assistance to you, please reach out to us at any time. We are here to help. Also, and most importantly, feel free to reach out to the consignors if you have specific questions about the animals.

Sincerely,
Lori and Lee Duckworth

**Join the
Greene County Angus Association today!
See Sarah at the Clerk's table.**

J074 is a nice young first calf heifer that has a whole life of production ahead of her. With 13 traits in the top 25% of the Angus breed, she is the definition of balance combining growth, maternal, carcass, and \$value indexes. J074 took Al the first time and is raising a future herd sire prospect by EWA Peyton with outstanding genomic predictions (Reg. # 20896600). This pair could take your herd to the next level. Sells with a bull calf at side born 2-25-2024 sired by EWA Peyton 642.
